

Moving Tips

If you are planning on moving your home or office the following tips from Monarch Messenger Moving Division will help you save both time and money.

1. Pack all items into boxes and tape all boxes closed with packing tape. Do not use duct, scotch or masking tapes.
2. Label all boxes by room and contents to save time when movers unload them from the truck into your new home.
3. To reduce loading time, as you pack your boxes, take them to the garage or to a common area on the main floor.
4. Disassemble and reassemble items such as beds, cribs, entertainment units, etc. yourself.
5. Make sure all electronics are disconnected and wires are removed or taped tightly to the item.
6. Be prepared for the movers. Packing or disassembling items while the movers are present will increase loading time and costs.
7. Move all miscellaneous unboxed items such as lamps, pictures, toys, yard tools, etc. yourself.
8. Disconnect washers / dryers / refrigerators and other large appliances to save time.
9. Reserve ample parking for the moving trucks, walking a long distance to and from the trucks will add to the loading and unloading time.
10. Make sure there is a clear walkway for the movers to get to and from the truck.
11. Be at the new location on the day of the move so movers know where to place furniture and other items.

We hope that this list of simple tips helps you to reduce the cost of your move with Monarch Messenger.

If you have any questions or concerns before or after your move please contact Bob Drinkall at 403-279-4440 or Murry Carson at 403-279-2455.

Please feel free to contact us after your move to comment on our professional moving team.
